

VRIS UPDATE

TICKET TO WORK CHAPTER

Effective 7/23/2008

Number 172

SUMMARY OF UPDATES

The Ticket to Work chapter has been revised to reflect the new Ticket to Work regulations that take effect this month. Staff will no longer be required to complete the SSA 1365 form to assign an individual's ticket to the agency. Individuals tickets will be considered 'in use' by social security when an IPE has been approved. While the ticket is 'in use' it cannot be assigned to another employment network.

VRIS POSTING

The new Ticket to Work chapter has been placed on VRIS in the program manual in the miscellaneous section.

FORMS REVISED

No forms were revised at this time. The IPE was revised several weeks ago to reflect required language concerning the Ticket program. The revised form was placed on VRIS and staff were informed at that time.

TEAM COMMUNICATION

Office directors should review this chapter with all team staff to assure understanding.
