

VRIS UPDATE

HELPS Brain Injury Screen Tool Effective 5/30/07 Number 77

SUMMARY OF UPDATES

With the decision to use the HELPS Brain Injury Screening Tool statewide, the Case File Order and Case Record Documentation Requirements Chapters along with the Case File Order List have been updated to reflect this decision.

The HELPS form is filed in Section 4: IPE Development of the case file, in chronological order following any of the required top documents.

VRIS POSTING

The following updates have been posted to VRIS.

VRIS: Program Manual: Policy: Case File Order

VRIS: Program Manual: Policy: Case Record Documentation Requirements

VRIS: Printed and Marketing Materials: Case Service Forms and Worksheets: Case File Order List.
